Remodeling industry.*

Our Mission

The purpose of the Council is to develop, improve and promote the skills and professionalism of HBA member companies whose primary focus is remodeling and renovation. This includes builder members in remodeling, as well as suppliers, distributors and subcontractors.

Membership Dues / Eligibility

Annual membership is \$85.00 per company, and the company joining the Remodelors Council MUST be an active member (HBA dues are current) of the Wilmington-Cape Fear Home Builders Association.

Any person directly or indirectly involved in the remodeling industry, providing the prospective member company is a member in good standing of the Wilmington-Cape Fear Home Builders Association is eligible for membership in the Remodelors Council.

Benefits

By joining together, we not only become better business professionals, but we can play a part in how our business is perceived. We can learn about the challenges facing each of us in our community and develop plans to improve the homes and areas in which our fellow citizens live. Remodeling opportunities are not limited to residences, but include landscape, utility management, transportation corridors and planned revitalization. Restoration, adaptive reuse and renovation are aspects which offer additional opportunity.

Projected to offer exceptional growth and business potential for the next 20 years, remodeling offers your company another avenue for success.

Council membership on the local level automatically includes:

- Networking opportunities;
- Educational and promotional events;
- A section in the monthly newsletter;
